Union there, of 20 regular  
Members 10 honorary. go to Nevada  
tomorrow, remain over Sun then  
go on to Magalia, from the

and want you dear  
to make the arrangements  
also with Mrs Wells! I will  
thank her a line also

I wish you were less  
Pessimistic, and could lean  
more on the everlasting Arm  
take the promises of the  
Lord. I will never leave thee  
nor forsake thee, that is if  
we ourselves do our duty, fully  
and faithfully, but if we draw  
away from him, how can  
he help us, he wants willing  
servants, not forced ones, so  
dear let this to arrange for me  
be your first work for him  
this year, when you go and  
see the Women, speak as hope  
full of the work as you  
can, we after winter the

I meet Mr. Lunt at Durham

two three days is enough  
you know the people  
would not come out  
if we could have an  
afternoon meeting at  
Pew. Sunday the 21, and  
some one to take me back  
to Sherborn for evening, so  
I could preach in both  
places on the same day.  
One way I want to put  
in between these three places  
from the 18 to the 24, so please  
arrange it so, make dates  
for each place, write me  
to Dinches, is the  
German sister, who

Dear Jane

Jane

Entertained me in  
Cheraakee not longer  
there, see her if she is  
I think she will entertain  
me, I want to visit  
you when home when  
I came to you Mr. Hill  
you might <sup>get</sup> in a meeting  
at your Schaal house  
Mr Curtis said the roads  
are drying up fast, his  
Wagon did not look as if  
the roads were so bad  
he was hardly loaded, so let  
us look and expect the very  
best, so let me hear from  
you either in New York or Napoli  
with lots of love yours  
L. H. H. H.
