

Committee Visiting Growers In Attempt to Boost Wages

Threaten to Call Strike if Demands of Workers Are Not Followed

(Continued from Page 1)

To Visit Steadman

The Ed Steadman ranch also was to be visited.

The committee members said many of the smaller ranches in the district are paying 5 cents a box straight, 4 cents with a 1-cent bonus, or 4 1-2 cents with a half cent bonus.

The committee was to report at a meeting of the Gridley local of the Cannery and Agricultural Workers Industrial Union to be held tonight.

Several hundred persons are engaged in the peach harvest in this section.

LARGE CROWD AT FORBESTOWN

(Continued from page One)

mine, and Mrs. Joslyn's mother was a resident.

Names in History

William Lemmon was another whose people had been active in the early-day development of the Forbestown district. It was announced that Lemmon recently had sold a mine at Forbestown.

Others whose names were called during the review of Forbestown's history were Mrs. George White, Charles Leyval, Mrs. Al Hartman, Charles Belding, Mr. and Mrs. Manuel Fernandez and William C. X.

Belding Sees Boom

Belding said that his father was one of the owners of the old Shakespeare mine. The county clerk predicted that Forbestown again will come to the front as a mining center within the next year or two. Belding sang a solo.

Judges in other contests that followed in which prizes were given for the oldest resident and other honors were: Leyval, Mrs. White, Lemmon, Belding, Mrs. James Wykoff and Mrs. Lang.

The D. C. Dunlap family of Oroville and the H. D. Owens family of Forbestown tied for honors for the largest immediate family present. Five members of each family were in attendance.

Winners of other contests included: the oldest man present, Julian C. Labadie, Forbestown, 86; the oldest woman present, Mrs. Delano Costa, 81, Forbestown; man living in Forbestown longest period, Chas. Leyval; woman living in Forbestown longest period, Mrs. Mary White; youngest baby in attendance, child of Mr. and Mrs. B. Owens, 2 months old; couple married for longest time, Mr. and Mrs. R. S. Powers of Oroville; youngest twins present, Peggy and Patsy Terry.

Baseball, Tug-o-War

Oroville defeated Forbestown 16 to 7 in an indoor baseball game played out-of-doors, but Forbestown won the tug of war, even though Earl Ward acted as ballast on the end of the rope for the Oroville tuggers.

Prizes for best playing in the baseball game were presented to Pat Conley, Wong, Kroeger, Romero and K. Williams.

Contest Winners

Winners in other athletic contests were: race for girls under 16 years, J. Russell first, D. Campbell second, Z. Harrington third; men's race, F. Wallen first, J. Harris second, J. Wright third; ladies race, F. Williams first, E. Harrington second, D. Campbell third; sack race for boys, L. Ray first; sack race for men, F. L. Costa first; three legged race for women, L. Woodberry and D. Dant, first; Mrs. H. A. Macdonald and Miss Margaret Crain, second; three legged race for men, J. Romera and F. Whan first, S. Terry and F. Lynd, second; race for boys under 14 years, E. G. Dunlap first; W. Campbell second; Bob Myers, third; race for boys under 10, R. Warmack, first; L. Kinchon, second; H. Owens, third.

Lee Meisner and William Henderson furnished guitar music for the picnic dinner.

DEATH TAKES REV. JOHNSON

(Continued from page One)

his friends who had, as the years went by, moved to other locations. He often met them when he visited in the bay district and in Berkeley. He never failed to call attention to these meetings in his Scribbles.

Member of Lodges

Besides belonging to the Oroville Rotary Club, he was a member of the Oroville Elks Lodge No. 1484, Oroville Lodge No. 103, F. and A. M. Franklin Chapter No. 20, R. A. M., Oroville Commander No. 5, Knights Templar and Amapola Chapter No. 119, O. E. S.

Surviving Rev. Johnson besides his daughter in San Francisco are three sons, Randolph of Oak Park, Ill., Richard of Peoria, Ill., and Frederick of Butte, Mont.

The body will be brought to Oroville Tuesday afternoon on the Western Pacific train and it will be accompanied by the daughter and by one son.

Funeral services will be held in the Congregational Church Wednesday at 10:30 a. m. Directions will be in charge of Hamilton and Riley. The body will be sent to Springfield, Ill. where Rev. Johnson will be buried beside his wife who died while he held the pastorate in that city.

In accordance with the often expressed wish of Rev. Johnson, it is asked that only home grown flowers be sent to his funeral.

WELL OF ALL THE NERVE!

Jean Harlow and Clark Gable in "Hold Your Man," shown for the last times tonight at the State.

Admirers of the Harlow-Gable team saw their stars go through the heart throw passes at the State Theatre last night in Hold Your Man. In the picture Miss Harlow takes her man away from another dame and then is sent to prison. Meanwhile she learns she is going to be a mother at some time in the future and the girl who lost her

man to Miss Harlow is going to leave the reformatory. But memories and love serve to hold the silver blonde and which the dark-haired racket man for each other and after many tense scenes in which those in the audience are inclined to grip their seats they come together again with a little "third party" and all's well and everybody's happy.

MAY NOT BE GOOD PSYCHOLOGY BUT THEY'RE NEW LAWS TODAY

ALTHOUGH there are a few of the thousand new laws that go into effect in California today that say you "can" do so and so, most of the laws say you "can't" do this or that and get away with it.

Here are some of the "can't's" and if you know what is good for you you'll observe 'em: You can't bring a long-tailed fox into California without a permit from the fish and game commission.

And you can't hunt Pismo clams at night. You can't shoot a gun from a public highway, unless you want to risk six months in the bastille and \$500 fine.

If you're a Caucasian, you can't marry a Filipino—or vice versa. Neither can you catch more than 24 four-inch bullfrogs in a day, unless you want them for jumping contests.

You can't haul a cow in a truck more than 28 consecutive hours, unless you give her a five-hour rest period. In emergencies, 36 hours is permissible.

Night hunting with a light is taboo, if it throws a beam more than 30 feet. Packages carried by the Chinese, who are sitting at separated parts of the train, were not found to contain the rumored shipments.

The search was made by City Traffic Officer Carl Rabe and Under-sheriff William Alexander. The Chinese were released when it was learned that they did not have any drugs in their possession.

SUICIDE EFFORTS FAIL SECOND TIME FOR YOLO CO. MAN

By Valley News Alliance
DAVIS — Dick Hauschild, 35, who attempted suicide by hanging about a week ago, Sunday afternoon made a second attempt to end his life when he drank sheep dip. After swallowing the sheep dip he struck himself on the head with a heavy bar. He was recovering today.

Despondency because of failure to find a job is said to be the reason for his attempted suicide.

Some of the colonists, Gibson noted them as saying, would remain on the location year around. A hall would be erected, cabins erected and other improvements made.

Gibson said he was not at liberty at this time to reveal the identities of the party nor their addresses. Two of them, man and wife, came from the east, while the other two were from "below San Francisco." All four are members of nudist colonies, he added.

The party looked over two parcels of property belonging to Gibson, one located one-half mile off the main road and the other two miles. They also viewed adjacent land belonging to Hal Miller of Chico.

"All four were highly impressed with the country here," said Gibson. "They said, though, that they had several other locations under consideration and wanted to make complete investigations before they decided on buying."

Both men and women were dressed in shorts, with shirts and shoes.

Whan Speaks To Rotarians On Telephone

Public Invited to Inspect Telephone Equipment Here Next Week

Using a portable talkie installation, the Pacific Telephone and Telegraph Co., provided a talking picture for the entertainment of the Oroville Rotary Club. The picture, showing the use made of telephones and allied inventions in capturing a gang of kidnapers, told a dramatic story involving a little girl.

The theme of the story was that science is always one step ahead of crime. It showed a police department telephone to Australia, to a ship in mid-Atlantic and to the Pacific coast from New York, gathering information and laying a net that eventually was to capture the kidnapers.

J. A. Whan, manager of the local P. T. & T. office, was master of ceremonies. The program was part of open house week held by the company in Oroville this week.

At the close of the meeting the club was informed of the death of the Rev. W. J. Johnson and stood in silence for a moment in his memory.

Describing the open house reception to be given this week by Oroville employees of the Pacific Telephone and Telegraph Co., as "something new and different" Manager John A. Whan today addressed members of the Rotary Club.

Whan prefaced his scheduled talk on "Overseas Telephone Service" with a brief description of the open house, which will be held at 1437 Huntoon Street.

Invites Everybody

"We hope that everyone in Oroville will attend our fortieth anniversary celebration," said Whan. "The reception will begin on Wednesday and continue until Friday 1:00 P. M. and 8:30 P. M. Telephone employees will conduct visitors on tours of the central office, and explain the exhibits, which range from relics of the telephone's early days to some of the latest products of Bell System research."

"A truckload of exhibits was received for the event, and some of this material is now in display in windows of Mike Stillier's clothing store, Hill's furniture Co. and the City of Paris."

Phone Developments

Whan confined his talk on "Overseas Telephone Service" to a resume of cut-standing accomplishments during the past nineteen years and emphasized that because of its favorable location in the center of the Pacific Coast, the Sacramento Valley has been in a position to take a large part in one of the most interesting recent telephone developments.

The manager suggested that motorists, on their way to the bay area, visit the radiotelephone sending station, which is within four miles of Dixon, near the main highway between San Francisco and Sacramento. This station and the receiving station at Point Reyes, north of the Golden Gate, are operated by the Transpacific Communication Co., Ltd., a Bell System Company.

Radio-Phone Exhibits

Telephone employees have obtained for their open house radio-telephone exhibits which illustrate Whan's remarks. At telephone headquarters are four of the eight different types of tubes used in the transpacific transmitter at Dixon. One of the tubes in the display is two feet high. Eight such tubes serve to amplify voice currents millions of times for the long trek across the Pacific, which is made in a fifth of a second. The second largest is a rectifier tube of which six are used at Dixon. Like the two-foot amplifier tube, it is water cooled. According to Whan, cooling by an elaborate system is required to prevent the tubes burning out, for from 10,000 to 20,000 volts are used in transmission.

A similar talk will be given by Whan at the Fellow's Club meeting on Thursday.

Retired Dealer Shoots Himself

SACRAMENTO — Watching his own expressions, reflected from a small pocket mirror, George Phillips, 75, fired a bullet into his brain while riding on a street car yesterday.

Phillips, a retired clothing merchant was reported near death in the Sacramento hospital today.

Witnesses said he fired two shots. The first tore away his hat brim and the second entered his brain.

ALL OROVILLE

IS INVITED

... to attend an Open House to be held from Wednesday, August 23, to Friday, August 25, inclusive, in the Oroville Telephone Office, 1437 Huntoon Street, from 1:00 P. M. to 8:30 P. M.

You will see the switchboards and Oroville operators who complete thousands of local and inter-city calls daily. You will see the telephone equipment in use in Oroville. Guides will explain it to you. Several special displays of telephone equipment as well as interesting by-products of telephone research will be demonstrated. We shall be delighted to have you, your family and friends as our guests on these days.
